

Prayer Focus: Sunday 23 January  
2022

Dear Father God,

We find it hard to understand the  
minds of those who would take away  
the lives of others.

We find it difficult to comprehend  
those who would wish to wipe out  
entire nations and races of people.

We know this happened in the past  
and even today there are those who  
would do this again.

Jesus is our light in the darkness. Let  
us try to shine as he does and bring  
light into the darkness.

Let us not forget.

Amen
